^ **Stand aside**

Cristina Jorge de Carvalho, an award-winning Portuguese interior designer whose work was featured in ALTO's last issue, has launched a furniture collection that includes this "Together We Stand" cabinet. Built by skilled craftsmen in Portugal, its lacquered drawers in a muted palette are married with a layer of bronze, adding depth to its timeless, totemic look.

◀ **The pebble drops**

The chic, understated style and unexpected use of beautiful materials in Ochre's collections have always chimed with ALTO's aesthetic. This latest addition, 'Celestial Pebble', takes the signature glass drops from its cult chandelier 'Seed Cloud' and scales them up drastically. Each 20cm glass 'pebble' is illuminated by dimmable LEDs, creating a magical mood.
