Spring mood

In neutral shades and pastels, the renovated showroom of Cristina Jorge de Carvalho is "dressed" with the pieces from its new collections

Em tons neutros e cores pasteis, o renovado showroom de Cristina Jorge de Carvalho "veste-se" com as peças das suas novas coleções

The inspiration comes from its latest creations, and the result is there for all to see. The reformulated showroom of Cristina Jorge de Carvalho, located on Rua Alexandre Herculano, evokes sophistication and elegance, showcasing a play of contrasts typical of the interior designer's aesthetic. A broad range of materials, such as linen, stainless steel and marble, blend together harmoniously, while at the same time, curvilinear design balances with straighter, cleaner lines.

In the main room, the Off The Wall modular sofa, from the Ice Collection, is the standout piece. The environment is completed by the Threesome Coffee Table, comprising three blocks and part of the designer's luxury collection, the Vintage chair, defined by its organic lines, and the Al Fresco Bookshelf, creating the perfect contrast.

In the second room, the Black line stands out through the Black Out Desk, a piece that blends design and functionality.

Black and white are the expected colours in a space where elegance and sobriety come to the fore.

The third setting, transformed into a dining room, proudly displays the oval OH Table, and follows a palette of blue and green to evoke the freshness and lightness of the season.

Besides the pieces belonging to the Cristina Jorge de Carvalho collection, the showroom continues to feature a selection of art works from Galeria Cristina Guerra - Contemporary Art, which follows the inspiration of the décor.

Founded in 2000, the Cristina Jorge de Carvalho - Arquitetura e Design de Interiores atelier has conceived the most varied of projects, from private homes and hotels to commercial spaces, many of which distinguished by international prizes, such as Best Architecture Single Residence Portugal for the Moradia project in the Algarve, and the Best Hotel Interior for Europe for the Hotel Altis Prime. ■

Na sala principal, o sofá modular Off The Wall, da linha Ice Collection, é a peça de destaque. O ambiente é completado pela mesa de centro Threesome Coffee Table, composta por três blocos e pertencente à coleção de luxo da designer, pelo cadeirão Vintage, caracterizado pelas suas linhas orgânicas, e pela estante Al Fresco Bookshelf, a criar o contraste perfeito.

Na segunda sala, a nova linha Black is Back destaca-se através da secretária Black Out Desk, uma peça que alia design e funcionalidade. Preto e branco são as cores esperadas num espaço onde a elegância e sobriedade saltam à vista.

Já o terceiro ambiente, transformado em sala de jantar, evidencia a mesa oval OH Table e elege uma paleta de verde e azul para evocar a frescura e leveza da estação.

Para além das peças pertencentes à coleção de Cristina Jorge de Carvalho, o showroom continua a contar com uma seleção de obras de arte da Galeria Cristina Guerra - Contemporary Art que seguem a inspiração da decoração.

Fundado em 2000, o atelier Cristina Jorge de Carvalho - Arquitetura e Design de Interiores tem concebido os mais diversos projetos, desde residências privadas, hotéis ou espaços comerciais, muitos deles distinguidos com alguns prémios internacionais, como o Best Architecture Single Residence Portugal para o projeto Moradia no Algarve ou o Best Hotel Interior for Europe para o Hotel Altis Prime. ■
